E. The Agency, as defined in Neb. Rev. Stat. §76-2602, is the NDEE.

F. The selected environmental response project or action is documented in the *Proposal & Justification for Closure, Ammonia Release Site, Aerial Marker 210, Yutan, Nebraska, Magellan Ammonia Pipeline, L.P.* dated April 2019 prepared by WSP USA Inc. for the NDEE. The NDEE has approved the response action plan, which includes the use of this Uniform Environmental Covenant. **NOW, THEREFORE,**

Grantor hereby declares that the Property will hereinafter be bound by, held, sold and conveyed subject to the following terms, conditions, obligations, and restrictions set forth herein, which will run with the land, in perpetuity, unless amended or terminated pursuant to Paragraph 11 below.

1. Representations and Warranties. The Grantor warrants to the other signatories to this Covenant that:
  - a. The Grantor is the sole fee title owner of the Property;

- b. The Grantor holds sufficient fee title to the Property to grant the rights and interests described in this Environmental Covenant free of any conflicting legal and equitable claims; and
- c. The Grantor has identified all other persons holding legal or equitable interests, including but not limited to contract buyers, mortgage holders, other consensual lien holders, and lessees and secured their consent.

2. Purpose. The purpose of this Environmental Covenant is to ensure protection of human health and the environment by minimizing the potential for exposure to contamination that remains on the Property and to ensure that the Property is not developed, used, or operated in a manner incompatible with the approved remediation.

3. Running with the Land. The Environmental Covenant is perpetual and conveys to the Holder/Grantee real property rights that will run with the land, and gives to the Agency the right to enforce the activity and use limitations described in Paragraph 4. The terms, conditions, obligations, and limitations in this Environmental Covenant are binding on the Grantor, its successors, heirs, executors, assigns and transferees, and all persons, corporations or other entities obtaining or succeeding to any right, title or interest in the Property after the effective date of this Environmental Covenant. All real estate, lots, or parcels located within the Property are subject to the terms, conditions, obligations and limitations in this Environmental Covenant. Acceptance of any conveyance, transfer, lease or sublease of the Property, or part thereof, will bind each transferee, its heirs, executors, successors, transferees and assigns to the terms, conditions, obligations, and limitations during their respective period of ownership or occupancy, as applicable. Notice of any transfer of any interest in the Property must be promptly provided to the Agency by the transferor. The Grantor is bound by the terms, conditions, obligations and limitations in this Environmental Covenant only during its period of ownership or occupancy after the effective date. This Environmental Covenant in no way amends, modifies, limits or releases the Grantor from its duties and obligations under the approved environmental response project or action.

4. Activity and Use Limitations. The Property is subject to the following activity and use limitations:

Groundwater limitations – Drilling or constructing water wells on the Property for the purposes of domestic, lawn and gardening, or other means, which use involves or may involve human consumption and/or other possible human contact is prohibited. This restriction does not prohibit drilling, construction or use of water wells for crop irrigation or for containing impacts to groundwater, or for impacted groundwater recovery, monitoring, or other remediation activities as approved in writing by the NDEE.

5. Reserved Rights of Grantor. The Grantor hereby reserves unto itself and its successors all rights and privileges in and to the use of the Property which are not incompatible with the limitations granted herein.

6. Enforcement. The terms of this Environmental Covenant may be enforced in a civil action for injunctive or other equitable relief by the signatories and those persons authorized by and in accordance with Neb. Rev. Stat. §76-2611. Failure to exercise such rights of enforcement will in no event bar subsequent enforcement by any signatory and shall not be deemed a waiver of the signatory's right to take action to enforce any non-compliance. Nothing in this Environmental Covenant shall restrict or limit the Agency from exercising any authority under applicable law. The prevailing party in any action to enforce any provision of this Environmental Covenant is entitled to recover all costs of such action, including reasonable attorney fees. Any Holder/Grantee and the Agency shall be entitled to recover damages for violations of this Environmental Covenant or for any injury to the remedial action required by the Agency, to the public or to the environment protected by this Environmental Covenant.

Nothing in this Environmental Covenant shall limit or otherwise affect the Agency's right of entry and access or the Agency's authority to take response actions under applicable law.

8. Notice Upon Conveyance. Each instrument hereafter conveying any interest in the Property or any portion of the Property, including but not limited to, deeds, leases and mortgages, shall contain a notice of the activity and use limitations set forth in this Environmental Covenant, and provide the recorded location of this Environmental Covenant. The notice shall be in substantially the form set forth below. Within thirty (30) days of the date any such instrument of conveyance is executed, the Grantor or then-owner must provide the Agency with a certified copy of said instrument and its recording reference in the Saunders County Register of Deeds.

9. Waiver of Certain Defenses. The persons and entities bound by this Environmental Covenant hereby waive any defense to the enforcement of this

Environmental Covenant based on laches, estoppel, statute of limitations, or prescription.

10. Amendment and Termination. Amendment or termination of this Environmental Covenant shall comply with Neb. Rev. Stat. §76-2610.
