RE: AltEn, LLC
NDEQ ID: 84069
Prog. ID: UIC NE0210591
Subject: UIC Class V Authorization Approval (Re-issue)

Dear Mr. Stewart:

The Nebraska Department of Environmental Quality (NDEQ) has reviewed your application for a Class V injection well (5W32 – large capacity septic system) for the above referenced facility received June 16, 2016. Enclosed is your authorization to operate the injection well. This is an authorization to operate the injection well for domestic wastewater disposal only. A construction permit may need to be obtained through the NDEQ On-Site Wastewater Treatment Program (Title 124 – *Rules and Regulations for the Design, Operation and Maintenance of On-Site Wastewater Treatment Systems*) and/or your local building inspector before any upgrades or changes are made to the system. The Title 124 requirements are separate from and in addition to the Title 122 requirements. Also, if any other wastes will be disposed of utilizing this septic system, other than the domestic waste indicated above, a separate UIC permit would need to be obtained.

If you have any questions concerning this UIC authorization, please feel free to contact me at (402) 471-4290.

Sincerely,

Nancy Harris
UIC Coordinator
Ground Water Unit
Water Quality Division

DEPARTMENT OF ENVIRONMENTAL QUALITY
AUTHORIZATION FOR
CLASS V WELL UNDERGROUND INJECTION

Authorization Number NE0210591

In compliance with the Nebraska Environmental Protection Act, Neb. Rev. Stat. Secs. 81-1501, 81-1502, 81-1504 through 81-1510 and 81-1527 (Reissue, 1994) and the Nebraska Administrative Procedure Act, Neb. Rev. Stat. Secs. 84-901 through 84-903, 84-905 through 84-919 and the Rules and Regulations and Standards adopted pursuant thereto,

AltEn, LLC
Mead, Nebraska

is authorized to conduct underground injection of domestic wastewater using a Class V Injection Well (5W32 large capacity septic system) located in portion of the NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 12, Township 14 North, Range 8 East, Saunders County, Nebraska.

This activity will be conducted in accordance with all rules and regulations pursuant to Title 122 – Rules and Regulations for Underground Injection and Mineral Production Wells and the attached limitations and monitoring requirements.

ISSUED: JUL 07 , 2016 EXPIRES: JUL 06 , 2026

Pursuant to a Delegation Memorandum dated March 23, 2015 and signed by the Director, the undersigned hereby executes this document on the behalf of the Director.

Signed this 7th day of July 2016

Marty Link
Water Quality Division Administrator
