

**Department of Environmental Quality**  
**2010 ENVIRONMENTAL UPDATE**  
Formerly Consultants Day

**AGENDA**

Lancaster Extension Education Center  
444 Cherrycreek Road, Lincoln NE 68528-1507

---

**June 23, 2010**

- 8:30 - 9:00**     **Registration**
- 9:00 - 9:15**     **Welcome**  
                    **Mike Linder – Director NDEQ**
- 9:15 - 10:15**    **Working With Consultants – Panel**  
                    **Shelley Schneider – NDEQ**  
                    **John Kinter – NUCOR Steel**  
                    **Municipal official - TBD**
- What does NDEQ expect from consultants who work with Nebraska’s regulated community?
  - What does a business expect?
  - What does a municipality expect?
- Listen to those that work with and depend on consultants describe the “ideal” working arrangement!
- 10:15 - 10:30**    **Break**
- 10:30 - 11:15**   **Air Regs – There is a Lot Happening!**  
                    **Shelley Schneider - NDEQ**
- What’s new?
- Greenhouse Gas Reporting, the Tailoring Rule, Ozone, SO<sub>2</sub>. Obviously, we won’t get into detail – most time will be spent on the Tailoring Rule.
- 11:15 - 12:00**   **Surface Water Quantity – What Does the Future Hold?**  
                    **John Miyoshi - Lower Platte North NRD**
- An examination of an issue from the perspective of the NRD. John will be introduced by Steve Goans, DEQ, who will provide an overview of NDEQ’s possible involvement.
- 12:00 - 1:15**     **Lunch** (on your own)
- 1:15 - 2:00**     **Storm Water – Keeping Up With the Flow**  
                    **Blayne Renner - NDEQ**
- NDEQ Industrial and Construction Storm Water Updates
- New Industrial Storm Water Permit Issuance Update
  - Overview of EPA’s Multi-Sector General Permit (MSGP)
  - Construction Storm Water Permit Changes, including Effluent Limitations

*2010 Environmental Update Agenda - Continued*

**2:00 - 2:45      Groundwater – Data and Information: Where It Is and How It’s Used**

**Marty Link - NDEQ**

We all depend on groundwater and arguably it is Nebraska’s number one natural resource. Multiple agencies are involved in monitoring our groundwater, and DEQ is responsible for reporting on Nebraska’s groundwater quality. A summary of that effort and the results will be provided.

**2:45 - 3:30      Ozone – What Will a Revised Standard Mean?**

**Deb McGuire - NDEQ**

Two areas of the state may be impacted by a revised National Ambient Air Quality Standard for Ozone. This could have significant ramifications for sources of NOx and VOCs in and near those areas.

**3:30 - 3:45      Wrap Up**

**Joe Francis - NDEQ**

---

**Consultants Day Registration Form  
June 23, 2010**

Please return registration form with \$10 registration fee (cash or check only) no later than **June 11, 2010**.
