“The Air DVD on the Web”
***A video guide to air
quality regulations***

An educational video produced by
Nebraska Department of
Environmental Quality
Air Quality Division

Below are excerpts from “**The Air DVD**,” which was produced by NDEQ’s Air Quality Division to assist the regulated community with the basics to understanding air quality regulations. The Air DVD is by no means inclusive and is not meant to serve as a substitute for being aware of and understanding all applicable regulations.

These videos require Windows Media Player to view.

There are links below the videos to the PDF files containing the written scripts and at the bottom of each section there is a link to the programs web page.

If you would like a copy of the DVD or the inspection skit, “Another Day in Paradise,” send a request to NDEQ.moreinfo@Nebraska.gov or contact the Air Quality Division at (402) 471-2189.

The videos are large and may take some time to download and display on your computer.

Chapter 1: Air Quality Basics

This chapter provides a history of air regulations; air pollutant sources and health effects; and a brief explanation of NDEQ Air Quality Division programs.

Part 1: Air Regulation History:
4 minutes; Video Size 18 MB
