To: Nebraska Environmental Quality Council

From: Sarah Starostka, Administrator
Planning & Aid Division

Subject: Litter Reduction and Recycling Grant Program
2025 Funding Percentage Allocations

The Litter Reduction and Recycling Act states: “The department shall allocate and distribute funds in percentage amounts to be determined by the council on an annual basis.” Each year, the Environmental Quality Council establishes the percentage of how the funds will be allocated for each grant category.

The department’s recommended percentage allocations for the 2025 grant year, along with the funding amounts requested, are as follows:

Category	2025 eligible requests		2024 eligible requests	
Recycling	38%	\$1,288,163	28%	\$ 726,872
Public Education	59%	\$1,967,478	68%	\$1,766,348
Cleanup	3%	<u>\$ 105,007</u>	4%	<u>\$ 106,791</u>
Totals	100%	\$3,360,648	100%	\$2,600,011

Note: The 2025 amounts are requests, and not necessarily the amount that will be available for award. The amount available will be known in late November.

These recommended percentages are based on the actual applications received for the 2025 and 2024 grant years. For the 2024 grant year, the council granted the department the ability to adjust these percentages by up to 20% if it determined it was necessary to enable the funding of good projects. The department asks and recommends that it again be allowed to adjust these percentages by up to 20% for the 2025 grant year if warranted.

Below are the actual percentages and award amounts for 2024:

Category	Award Amounts	
Recycling	28%	\$ 726,872
Public Education	68%	\$1,766,348
Cleanup	4%	<u>\$ 106,791</u>
Actual Awards	100%	\$2,600,011
