

# ONE RED Irrigation Engine Program Certification of Engine Scrappage

Rebate Recipient: \_\_\_\_\_

## Old Engine Information

Manufacturer:		Horsepower:	
Model:		Serial Number:	
Model Year:			

Date of Dismantling/Scrappage: \_\_\_\_\_

### The following required photos must be attached:

- Engine labels showing EPA engine family, engine model year, and serial number
- Entire engine prior to disabling
- Location on engine block to be cut/drilled
- Engine block after hole cut

I certify that on the date noted above, the engine described above was permanently disabled. Disabling the engine consisted of cutting, drilling, or punching a three-inch by three-inch (3" x 3") hole in the engine block. If other, pre-approved scrappage methods were used, details and documentation are attached.
