

Nebraska's Natural Gas in Storage

2024 – 2025

[Million Cubic Feet (mmcf)]

Year	Month	Total Storage Capacity	Working Gas Storage Capacity	Natural Gas in Underground Storage at End of Period		
				Base Gas	Working Gas	Total
2025	January	34,850	12,653	22,197	9,816	32,013
	February	34,850	12,653	22,197	7,966	30,163
	March	34,850	12,653	22,197	8,093	30,290
	April	34,850	12,653	22,197	8,496	30,693
	May	34,850	12,653	22,197	9,528	31,725
	June	34,850	12,653	22,197	10,679	32,876
	July	34,850	12,653	22,197	10,965	33,162
	August	34,850	12,653	22,197	10,674	32,871
	September	34,850	12,653	22,197	10,665	32,862
	October	34,850	12,653	22,197	11,019	33,216
	November	NA	NA	NA	NA	NA
	December	NA	NA	NA	NA	NA
2024	January	34,850	12,653	22,197	7,782	29,979
	February	34,850	12,653	22,197	7,055	29,252
	March	34,850	12,653	22,197	7,293	29,490
	April	34,850	12,653	22,197	8,560	30,757
	May	34,850	12,653	22,197	9,515	31,712
	June	34,850	12,653	22,197	10,505	32,702
	July	34,850	12,653	22,197	10,783	32,980
	August	34,850	12,653	22,197	10,850	33,047
	September	34,850	12,653	22,197	11,526	33,723
	October	34,850	12,653	22,197	12,262	34,459
	November	34,850	12,653	22,197	12,122	34,319
	December	34,850	12,653	22,197	11,758	33,955
