

Introducing the NDEE Public Water System Data Collector

<https://nepwsdc.gecsws.com/Home/Login>

The screenshot shows a web browser window with the URL <https://nepwsdc.gecsws.com/Home/Login>. The page header features the NEBRASKA logo with the tagline "Good Life. Great Resources." and the Department of Environment and Energy logo with the words "Air", "Water", "Land", and "Energy". Below the header, the text reads "PWSS" and "Nebraska Department of Environment and Energy Drinking Water Program Public Water System Data Collector". The NEBRASKA logo is repeated at the bottom. On the right side, there is a "Login" form with fields for "Username:" and "Password:", a "Login" button, and a "Forgot Password?" link.

NDEE is committed to providing secure and modern web-based tools and resources for NE Public Water Systems (PWS). The Public Water Supply Data Collector (PWSDC) is a new website that affirms this commitment.

What is PWSDC?

NDEE's new Public Water System Data Collector (PWSDC) website is a communications tool that allows NDEE staff to email PWSs a set of questions, also known as a survey. PWSs answer the questions online and submit the answers. The survey questions and answers are immediately available to NDEE staff and the PWSs.

How do PWS staff access PWSDC?

1. PWSDC is only available to authorized users. PWS staff first register for access to PWSDC at this website: [GEC Portal \(gecsws.com\)](https://portal.gecsws.com) or this full link: <https://portal.gecsws.com/Account/Login?ReturnUrl=%2F>
2. PWSDC sends an email with a registration link to the PWS Staff email address.
3. PWS Staff receive the email, then click the link to complete registration.
4. NDEE staff approve the registration and add the PWS to the user.
5. PWS Staff receive a survey that has two test questions. This is just to show how easy it is to use PWSDC!

PWSDC and the ECL

The first official survey is the annual Emergency Contact List (ECL). PWS Staff will be able to submit the ECL using PWSDC.

What are the steps to submit the ECL using PWSDC?

1. PWS Staff will receive an email that the ECL is due.
2. PWS Staff click the link in the email or log on to PWSDC.
3. PWS Staff click on the ECL and answer the questions.
4. PWS Staff Submit the questions.

What's next?

1. PWSDC notifies NDEE staff that the ECL was submitted.
2. NDEE Staff access the ECL from PWSDC, review it, and process it.
3. The completed ECL is always available to PWS Staff and NDEE.
